

UNIFIED
TRANSPORT SCHEDULING

**EASY, FAST, AND ACCURATE
TRANSPORT SCHEDULING SOFTWARE.**

WHY CHOOSE UNIFIED DISPATCH

Mobile Dispatch

Working managers can dispatch transports from the field with their mobile device.

ePCR integration

Our dispatch platform works seamlessly with our powerful, easy-to-use ePCR.

Quick to Trial

Get your hands on a fully functional demo account in hours.

Works Offline

Don't let an internet interruption stop you from seeing your information.

Single Sign-On

Sign on easily with Single Sign-On.

24/7 Support

Multiple avenues of support, including live help chat and dedicated EMS Liaisons.

Easy to Learn

We offer training webinars as part of our Go-Live services, however not many agencies find they need them.

CAD integration

Our platform integrates with your local government CAD systems.

Insurance Verification

We utilize various API's and other tools to verify your patients' insurance information.

Fast to Deploy

Most of our Agencies go live within a matter of days.

Works on any Device

Our platform works on old PCs, Macs, iPads, Android Tablets, and more.

One-click rescheduling

Schedule a new transport based on an already completed transport.

Unlimited Users

Add everyone you need to add, all with their own user accounts.

Mutual Aid Agencies

Notify and share documentation for your mutual aid agencies.

Customizable for any agency

Great for Emergency Services, Non-Emergent Transports, Volunteer Services, and more.

Prior Patient History

Preload your patients previously entered information.

Heads Up Display

Use our bulletin style heads up display.

Unit Based Reporting

See which units transported which patients, including mileage and times.

Easy to Read dashboard

Our dispatch screen has a clean and color coded interface.

Print Ready Sheets

Crews can print out their information before leaving the station.

Patient Management

Keep track of patient caregiver, phone numbers, notes, insurance, billing information, and more.

Manage Transport Logistics

Track details and pre-plan for wheelchair ramps, oxygen, level of service, and more.

Turn-by-Turn Navigation

Crews can launch a turn-by-turn navigation interface on their device.

Reliability:

Our reliable tech infrastructure boasts a 99.9% uptime.

Transport History

Keep and review all your transport history.

Role-based Security

Easily manage your users by assigning them roles.

Round Trip Scheduling

Schedule and Track the outbound and return leg of a round trip transport.

Facility Management

Keep track of things like addresses, phone numbers, and door information for your crews.

Easy to Manage

Admins enjoy a clean and simple interface that is easy to read, find what you need, and manage your account.

Dashboard Reporting

Enjoy an on-demand dashboard of key performance indicators.

Delivered Reports

Receive recurring KPI reports delivered right to your inbox.

No Servers to Manage

Our platform works in the secure cloud, no servers to secure and manage.

Device Security

Easily Manage which devices can access your account.

No Installation Necessary

You don't need to be an IT expert to start using our platform, simply log in and start using it.

Industry Leading Customer Service

Not only is our software easy to learn, but we assign Dedicated Concierge Liaisons to every customer. Our Dedicated Concierge Liaisons are seasoned industry veterans who know your industry and work to maximize your platform.
